INCIDENT

I was notified that it was out of control. So I and other security patrol ran through the Pistons tunnel from Back Stage to the Court to help with situations. I saw several of Indiana players go into stands and being pulled away by other players & security. I also saw a fan go onto the Court with Illinois jersey. Fan out of the way, the fan that went on to the Court went up to ONeil and ONeil slings and hit him the fan head hit the floor (fan CHARLIE HAROLD) He was then helped up and escorted to security office by crowd control. I also helped escort ONeil, coach Callahan & coaches to the locker room while doing so all types of objects & fluids being thrown at us. ONeil went after anyone he could who thought or tried to hit him.
